Policy 2.1

Access to the Centre

The Two Wells Community Children's Centre will provide equal access to all families who request childcare at the centre, and will ensure the safety of children who attend the centre. It will protect the custodial rights of parents/guardians.

Members of the community, professionals and students will be provided access to the centre where it enhances the quality of the program, protects the welfare and rights of the children and staff, and/or provides training and experience to members of the children's services field.

Equal Opportunity principles will be observed in relation to access to the centre for children, parents and staff.

Parents and staff only will be provided with codes for access through the security door, and codes will be deleted when care or employment ceases.

Enrolments

Each enrolling family must complete an Enrolment form and Fee Agreement. On enrolment, parents will be given an enrolment package containing these forms, along with:

- Asthma/Medication forms.
- Parent Induction and Child Information forms.
- A Parent Handbook is included which advises about centre information and policies, including:
  - Priority of Access guidelines (set by the Dept. Family & Community Services) which state that a child will be given a place according to these priorities:
    - Child at risk of abuse or neglect OR family in crisis.
    - Family with recognized work or work-related commitments.
    - Family with greatest need for child care support.

If a place is not immediately available to the family, they will be put onto a waiting list.

Once entered onto the waiting list it is desirable for the family to contact the centre on a regular basis to confirm their continued wish to remain on the waiting list. When a place becomes available the Assistant Director will contact the family and the enrolment will proceed.

Enrolment forms will be updated twice a year to ensure information is current and correct, but parents should advise the centre when any of their details change. Enrolment information will be kept in a confidential file. Access to this information is available to the caregiver, Director, Assistant Director, parents and commonwealth officers.

Exclusion of children from the service will only occur after all other avenues of communication and support have been exhausted, and when:

- Professional advice confirms a child is in psychological danger as a result of an unusually prolonged inability to settle into care away from the parent/guardian.
- A child puts staff or one or more children at risk through inappropriate or dangerous behaviour.
Authorisation for Collecting Children

The names and contact numbers of all persons authorised to collect children from the centre must be included on the enrolment form. Any changes to these authorities must be advised in writing to the centre by the custodial parent as soon as possible.

If the custodial parent arranges for an authorised person to collect their children from the centre, they must contact the centre to advise of this arrangement and confirm who will be collecting the child.

If someone other than the custodial parents arrives to collect the children, and the centre has not been notified, the Director/Assistant Director or senior staff member will contact the custodial parent to obtain their authorisation. Wherever possible, prior notification in writing should be provided by the parent. The child will not be released until the custodial parents’ authorisation has been obtained. If the authorised person is not known to the centre, the custodial parent will be asked to provide a description of the person concerned, and the person will be required to provide photographic proof of their identity.

Late Collection

Parents and guardians who are unavoidably detained and are unable to collect their child at the negotiated collection time, must telephone the centre to advise of their lateness and expected time of arrival.

If a parent /guardian is unable to collect their child prior to closing time they should arrange for another responsible adult to collect their child and advise the centre, in writing if possible, of this arrangement. Authorisation policy will apply (see above).

If the parent or guardian has not either arrived to collect their child or contacted the centre 5 minutes before the end of the session, the centre will attempt to contact the parent/guardian. If this is not successful, the emergency contacts listed on the child’s enrolment form will be contacted to arrange for the child’s immediate collection.

If no one can be contacted and the child has not been collected 15 minutes after the centre’s normal closing time, the child will be referred to Crisis Care (Phone:131611) in consultation with the Local Police. A notice to this effect will be placed on the centre’s entrance with the relevant telephone contact numbers. If the parent arrives before Crisis Care personnel, the latter will be cancelled. In such circumstances all local solutions will be explored in the first instance to ensure the safety and well being of the child.

Family Contact

Staff will communicate with parents/guardians in a positive and supportive manner that encourages the parents/child relationship. Information with regard to family issues and personal lives will be handled confidentiality. Every effort will be made to treat both parents/guardians equally. Without legal documentation, staff cannot act as though one parent is more fit than another to the legal rights of their child.

Parents/guardians will have access to qualified staff or the Director/Assistant Director to enable them to discuss any concerns they may have at any reasonable time regarding their child. This may be spontaneous, by telephone or by appointment. Staff will not discuss information of a confidential nature regarding any other child or family within the centre.
Parents/guardians may visit the centre at any reasonable time whilst their children are in care. However they are requested to give due consideration to the time of day, in relation to the centres program; for example rest times would be inconvenient and could disturb other children.

Parents/guardians may bring other relatives to visit at convenient times that have been arranged with the Director/Assistant Director.

Where the child attending the centre is not living with both parents and where a dispute arises in relation to responsibility of the child the following will apply:

- Parental responsibility remains with both parents jointly and individually except where it is altered by a parenting order. In the absence of a parenting order the child will be released to either parent.
- A parenting order may determine where the child will reside, which parent will have contact with the child and how the contact will happen, which parent has maintenance liabilities for the children and where there are specific aspects of parental responsibility given to one parent.
- Where a non-enrolling parent cites a parenting order giving them lawful access to the children, the parenting order needs to be produced for inspection by the director.
- The enrolling parent, if required, will be telephoned to check the existence of the parenting order and to be informed about the situation.
- Where human life is at risk, any part of the above may not be able to be complied with. In such cases the police will be informed immediately.

**Code of Conduct Towards Staff**

It is expected that all families will interact respectfully with all staff. We endeavour to build a culture of mutual respect for the benefit of all.

Abuse (physical, emotional and verbal) and bullying, in any form (eg raised voices, intimidating behaviours, excessive/aggressive tones or threatening words) will not be tolerated. We pride ourselves in providing a high level of quality care and education and strong relationships and staff deserve to be treated in such ways. If parents are seen to be bullying or abusive towards any staff member a formal complaint will be sent to the Governing Council and will be dealt with accordingly.

This type of behaviour can lead to exclusion from the Two Wells Community Children’s Centre service.

**Visitors, Students and Volunteers**

Visitors may be invited into the centre as part of the children’s program and may include:

- Members of the fire brigade, police department, medical or nursing profession
- Community people with a skill, talent, or experience from which the children will gain experience or enjoyment.

All visitors to the centre will be required to sign in at the Front Desk.

The centre will offer student placement to:
- High school students who wish to gain work experience as part of their school program, provided that the school has initiated the placement and the students are studying early childhood or family studies.
- Students attending early childhood or child care training at college or university, or high school students who desire a work experience placement.

All placements will need to be negotiated through the Director/Assistant Director. Students will be provided with clear guidelines in relation to their responsibilities and code of conduct whilst at the centre.

Volunteers may be accepted for work experience where there is evidence of a genuine interest in the work involved. Potential volunteers will be interviewed by the Director/Assistant Director to determine their suitability. All volunteers will be given clear guidelines in relation to their responsibilities and code of conduct while at the centre. They may be required to undertake a formal police check if they are going to work with children for a prolonged length of time.

Volunteers and students are supplementary to the staff requirements and will not be used to replace absent staff unless they are on the centre payroll.

All other visitors to the centre must make an appointment with the Director/Assistant Director.

Any unwelcome visitors to the centre will be calmly asked to leave. Refusal to leave will necessitate the Director/Assistant Director or senior staff member calling the local police for their removal. Staff will not try and physically remove any unwelcome visitors.

Professional access to the centre will be at the discretion of the Director/Assistant Director or Governing Council. If involving the children, the parent’s written consent will be required. The only exception to this would be if the child was at risk.
